

The Chartered Surveyors' Institution

Patron : HIS MAJESTY THE KING

SUPPLEMENTARY LIST OF MEMBERS 1943

LONDON :

12, GREAT GEORGE STREET, WESTMINSTER, S.W.1.

Telephone : Whitehall 5322.

Introduction

In the interests of paper economy, the Council have decided that a full list of Members shall not be published for 1943. As in 1942, however, a Supplementary List has been prepared for 1943. It has been compiled in such a way that, read in conjunction with the 1940 list (the last full list to be published), the position of the membership of the Institution, both generally and as regards individuals, is accurately shown, as at January 1st, 1943.

The Supplementary List of Members which was published for 1942 should now be disregarded. The 1943 Supplementary List is a record of the new enrolments, elections, transfers from Professional Associateship to Fellowship and reinstatements to membership which have taken place since the List of Members for 1940 was published. It also shows the list of those who, by reason of death or other cause, have ceased to be members during the same period.

The columns, reading from left to right, show the Diploma Numbers (in the case of corporate members only), the date of enrolment, election or transfer, the full names, and the address of all the members concerned.

For the purpose of Branch organisation, certain counties are divided. It will be found, therefore, that where the Branch is not obvious from the address, an indication is given as to the area in which the address is situated.
